

SCOPE YOUR POTENTIAL SPRINT FOCUS

1. Does your project or challenge have a name?
2. Do the team have a compelling vision of the future that everyone believes in and that inspires them? Consider: what are you trying to create and why does it matter?
3. What is the impact you are trying to make as a team? Have you agreed upon measures of success? Be specific if you can.
4. What is the untapped opportunity? What are the enablers?

In a full sprint, we will work with your team to establish a clear vision of success and move to unlock these opportunities, leveraging your strengths and unravelling any obstacles in the way.

SPRINT FOCUS

Name your project or focus for this Sprint..

VISION

What does our future look like?

IMPACT

What difference will we make?

OPPORTUNITY

What can we make happen?
